

TRI-POINT'S VERSATILE GROUND SUPPORT SYSTEM

Tri-Point's Ground Supported Truss System with Roof

Tri-Point Rigging is pleased to provide you with a flexible, easy to assemble Ground Supported Truss System in a variety of sizes. The truss can be assembled with an overhead roof to provide weather protection for performers, staging, lighting and sound.

Our CLS brand Ground Support has a roof which is available in these sizes:

6m x 12m, 10.6m x 6.4m, 12m x 12m.

Height can be chosen to suit your location.

We can provide your event with a full service including:

- Reduced Slip Plywood Decking with Stairs for Staging
- Installation & De Rig of All Equipment
- Supply of Counterweight
- Engineering Approval, Design & Drawing of Structure
- Experienced, Ticketed & Professional Crew
- Equipment available in Melbourne, Sydney & Gold Coast

Our Ground Supported Truss System offers a versatile and cost effective package to suit a variety of applications, and has been used for corporate and community functions, sporting events and dance parties.

For more examples please check out our website- www.tripointrigging.com

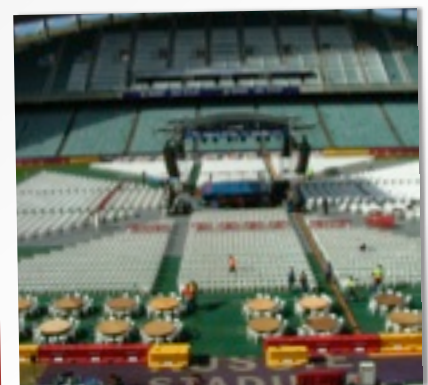

Please call us on 02 9666 4642, or email office@tripointrigging.com to discuss your project.
